Matters Arising:

What categories does Udo actually want !?

Suggested books ? - BookBoon - Does he want books?

How many 3rd party apis are we looking to use ?

Do lufthansa have API of their courses, or do we have to build that ?

Their DB got any way of differentiation of the users ?

And will be have access to such info

What servers do they run off

Actions:

Evgeny:

- Continue researching portals, how the searching works
- And create conclusion

Ciarán:

- Email the devs

Alex:

- Create conclusion

Ciara:

- Create conclusion
